

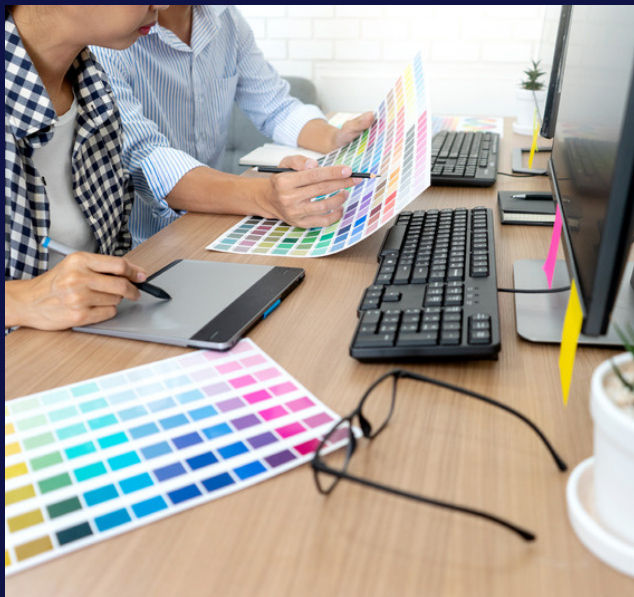

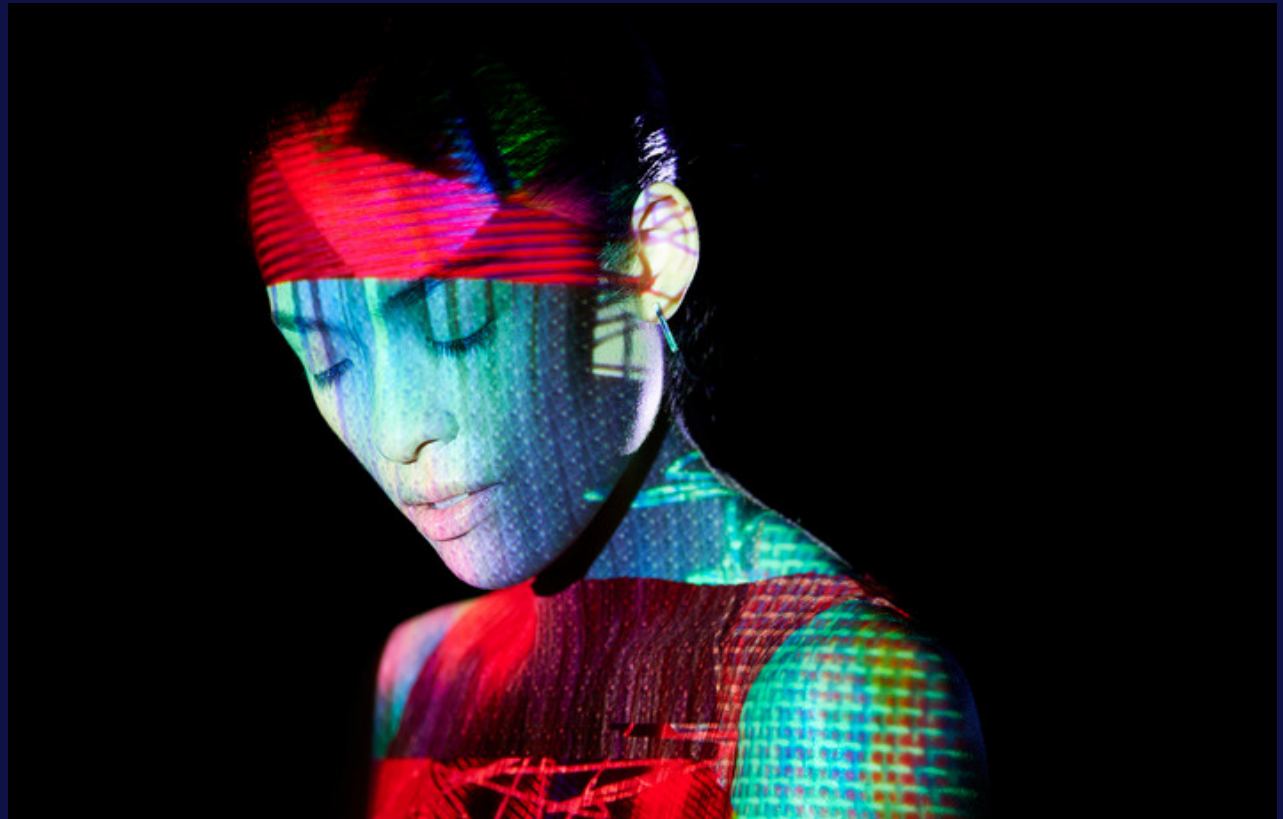

GRAPHIC DESIGN

SHORT COURSE

This course covers essential areas such as communication, digital and web design, typography, and motion graphics. Students experiment with different mediums and acquire broader skills like business English and research methodology, which are valuable in the field. Good graphic design is essential for standing out, communicating messages, connecting with audiences, enhancing user experience, improving brand recognition, and boosting sales.

ABOUT US

Arise Academy provides a range of hands-on courses covering various topics in film and TV production. The courses are customized to suit individual student needs, from beginners to experienced professionals. The courses are taught by industry professionals with vast experience and passion for passing on their skills to the next generation of filmmakers and TV producers.

APPLY TODAY

Visit the Arise Academy website and select the course that you're interested in applying for.

Fill out the online application form. Be sure to provide accurate and up-to-date information.

If you have any questions or need assistance with the application process, don't hesitate to reach out to the Arise Academy admissions team.

THIS COURSE COVERS

- Fundamentals of graphic design
- Design principles and elements
- Typography and font design
- Colour theory and colour selection
- Image editing and manipulation
- Brand identity design
- Web design and user interface (UI) design

These short courses may be a great option for individuals who want to upskill in a specific area of graphic design or who want to explore the field before committing to a longer program. The courses may be delivered in a flexible format, such as online or part-time, to accommodate different schedules and learning preferences.
